Teaching English As Foreign Language (Duration : 240 hrs)

IIMBIBE SKILLS was founded in 2016 with its office in London UK. We are rated one of the best TEFL course provider in the world. After taking other TEFL training courses and teaching in the Europe and Asia, we realized that there was a better way to prepare teachers for the actual job of Teaching English

as a Foreign Language. Consulting with peers in the industry and based on personal experience and knowledge we established the Practical Approach. The Practical Approach, while providing required academic information, focuses on a full 5 hours of actual observed practice teaching and providing the student with practical living and working knowledge of the location where they will be teaching.

iTEACH

Being competent and well-performing teacher is one of the most important resources in any educational institution. The teacher is considered the professional agent and the most directly responsible person in the process of learning. They are the one in charge of making/helping students learn and benefit or suffer from the quality of his teaching. Teachers' professional training and professional development is a necessary ingredient to support innovative and beneficial teaching.

Our innovative training programs focus on the full range of creative skills, techniques, systems, and leadership behaviors that unleash creative potential. As a result, this allows you to stay competitive in the fast-paced, global marketplace.
